ATLS Provider 10th edition
November 10 & 11, 2018
Curaçao, Dutch Caribbean

Course Objectives

The ATLS course is designed to train physicians who are in a position to provide the first hours of emergency care to trauma victims. The course utilizes didactic lectures and practical skill stations in order to effectively teach the principles of rapid, effective assessment and stabilization. Successful candidates will be awarded four-year certification. All courses are conducted according to the guidelines of the American College of Surgeons.

Educational Objectives

The participant, upon completion of the ATLS course, will be able to:

- Demonstrate understanding of concepts and principles of patient assessment and management.
- Perform skills necessary to diagnose and treat traumatic injuries.
- Establish management priorities in single & multiple trauma.
- Perform the initial assessment and management of trauma victims

Tuition/Registration fees:

- *Provider Course: \$1400,00

- Auditor: \$350,00 – Provider only

* St. Maarten participant please contact our administration office
